This year the Rocklin Historical Society completed construction of Rocklin's original 1894 firehouse with donated funds.

The society participates with the City of Rocklin in the development of Heritage Park and operates the Rocklin History Museum and the Old Saint Mary's chapel in historic Downtown Rocklin. The society is Rocklin's voice in memorializing Rocklin's unique history and preserving the artifacts of that history

In 2002 Rocklin Historical Society volunteers restored the 100-year-old home and offices of a Rocklin physician to create the Rocklin History Museum.
